Docket No. 98N-1265

0735 '99 MAY 18 1999
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

My compounded prescriptions
have dramatically improved my life.
They have far fewer side effects than
conventional prescriptions. My doctor
is able to adjust them to my specific
needs. Thus eliminating over or under
medicating me. Menopause will return
to the nightmare it once was if you pass
this draft!
